EXPERIENCE

Evently – College Project 2024
HTML, CSS, Bootstrap, JavaScript

- Developed a complete event-booking web application with structured and modular UI components.
- Designed intuitive navigation and interactive event pages for smooth user flow.
- Enhanced responsive behavior to ensure consistent performance across all devices.
- Implemented clean code architecture for easy maintenance and scalability.

The Chole Kulche Wala – Freelance 2024
HTML, CSS, JavaScript

- Assisted in redesigning the existing frontend to improve branding and visual clarity.
- Optimized layout, spacing, and typography for better readability and responsiveness.
- Updated website content, ensuring accurate information and consistent formatting.
- Improved mobile experience, reducing layout shifts and enhancing user engagement.

PROJECTS

Wanderlust – Full Stack Project (link)
React, Node.js, Express.js, MongoDB Atlas, Tailwind CSS, JWT, Cloudinary

- Built a secure full-stack rental platform with authentication, listings, search, booking flow, and Cloudinary-based image upload.
- Designed a clean, responsive UI and integrated robust backend APIs for smooth frontend–backend communication.

Personal Portfolio Website (link)
React, Tailwind CSS, JavaScript

- Created a responsive modern portfolio with reusable components, interactive project cards, and smooth navigation.
- Optimized performance, UI consistency, and SEO to showcase skills effectively across all devices.

Weather App (link)
HTML, CSS, JavaScript, API Integration

- Built a real-time weather application using public API with location search and error handling.
- Designed a simple, fast, fully responsive UI for clear weather insights on all screen sizes.

TECHNICAL SKILLS
